Ladies 16+ Badminton (Fours)

This year, ladies badminton will be played in teams of 4.

Each match will be played as a best of 3 sets with the format as follows:

- A team consists of players A, B, C & D
- Set 1: Players A & B from each team play each other in a doubles match
- Set 2: Players C & D from each team play each other in a doubles match
- If the same team wins Set 1 and Set 2 then they win the match
- If the score is 1-1, a third set will be played where each team can select any two players to play the deciding doubles match

Your team can register under one of the following two categories:

- Beginner/Lower Intermediate (Int 1/Lower Int 2)
- Higher Intermediate (Higher Int 2/Int 3)/Advanced

After the group stages, the above two categories will split into two tiers based on rankings to make 4 tiers going into the knockouts so plenty of chance to take a victory!
